Cook Shifts Plea, Asks For Chair

COURT GRANTS
CONTINUANCE,
SETS DEC. TRIAL

In Houston Wreck

Youth, 19, Dies

Oscar Cook, 24, of Rogers, on trial for the murder of his former mother-in-law, Mrs. Dan Crow of Davilla, brought court proceedings to an abrupt halt Monday when he decided to change his plea.

At the last minute Cook changed his plea and indicated the only plea he would enter would be murder with malice and he "wants the electric chair," Charles Smith Jr., defense attorney told the court.

The decision to plead guilty and ask the death sentence came after the court had recessed the trial at 10:45 a.m. following selection of a 12-man special jury.

Judge John C. Patterson, of Marlin, dismissed the jury and set Dec. 2 as the date for Cook's trial, after hearing Cook's decision.

During a 15 minute recess Cook informed Smith that he wanted to plead guilty and ask for the death sentence.

Both attorneys indicated during the selection of the jury that Cook was to enter a plea of guilty to the charge of murder with malice in return for a life sentence. The prosecution had agreed to recommend a life sentence, if he was found guilty. During his arraignment he had pleaded not guilty.

DEFENDANT'S DECISION

The defendant's decision was immediately relayed to Judge Patterson and the prosecutors. District County Attorney John Henderson, Jr., and former Milam County Attorney, Jack Prescott.

Court was recessed until 2 p.m. in order to grant Smith's request for additional time.

When court reconvened and before any action was taken Smith made a motion to Judge Patterson. Smith said "The motion, filed as Counsel, asked the court that he (Cook) be permitted to withdraw his announcement of ready."

Judge Patterson granted the motion and then had the empaneled jury brought in and dismissed.

He set Dec. 2 at 9 a.m. for the date of the trial for Cook.

In a statement to The Herald Henderson said, "Ten days ago the defendant, Oscar Cook, through his attorney notified me he would plead guilty to the murder charge against him in return for my recommendation to the jury that he be given a life sentence in the penitentiary."

Smith, who was obviously shaken by the turn of events, said "In 25 years of practice, I have never had this situation to arise." After the jury was dismissed he said he had not made up his mind whether to continue as attorney for Cook or not.

Milam County District Judge W. C. Wallace had disqualified himself from hearing the case. He had heard the divorce case of Oscar and Velma Cook, granted the divorce, and was therefore a possible witness in the trial. He had also talked to Cook the day of the shooting.

SPECIAL VENUE

A special venire of 36 prospective jurors had been called for the opening of the trial. Only 22 were questioned before the jury was selected.

Several prospective jurors questioned said they would not go along with the recommendation by the attorneys for a life sentence and were dismissed before the jury was selected.

District Attorney Henderson and special prosecutor Prescott indicated they would seek the death penalty at the December trial of Cook.

Four witnesses had been subpoenaed for the trial. Mrs. Velma Cook, 22, the defendant's former wife, her brother Danny Crow, 20, sister Mary Lou Crow, 16, and Dean Gommert, Rogers Funeral Home operator were present as state's witnesses.

COOK CHARGED

Cook is charged with the shooting of Mrs. Crow on April 17. The shooting took place at the Crow home in Davilla. Mrs. Crow died of gunshot wounds in the chest.

His former wife, brother-in-law and sister-in-law were wounded and remained in critical condition in a Temple hospital for a number of weeks.

Cook also wounded himself and was hospitalized following the shooting.

He has been held without bail in the Milam County jail since being released from a Cameron hospital.

ETC of C GIVES
MILAM COUNTY
2 STAR RATING

Milam County has received two out of the five possible stars for the fiscal year ending December 31, 1962 from the East Texas Chamber of Commerce county tax survey.

The county was given the two star rating for having all funds operated on a cash basis and the net debt per capita was not above state average.

Milam County was awarded a star because all funds ended the year with a cash balance of \$190,072.

The average county in the state has a ratio of net debt to assessed valuation of 1 per cent. Milam County's net debt ratio amounted to .10 of 1 percent, giving them a star rating. In 1962 assessed valuation was \$30,373,000.00 Total County wide debt at December 31, 1962 was \$43,093.34.

In the Budget Comparison the total actual expense was \$549,931.97 and the Expense Budget was \$517,140.01, indicating the county spent more money than the budget anticipated and was thus denied a star.

The county collected 94.41 in tax collections at a total of \$276,911.46 instead of the required 95 per cent in order to obtain a star rating.

Milam County's operating fund tax rate exceeds the state average operating fund tax rate of 85 cents. The total tax rate of all operating funds for 1962 amounted to 95 cents. The county's operating fund tax rate is also more than the average for the East Texas Chamber of Commerce region which is 85 cents. The annual cost of operations for Milam County is \$13.39 per person whereas the average county in the State operates at a cost of \$13.20 per person.

FUND DRIVE GOES OVER GOAL SET

The Salvation Army Fund drive went over the top this week with \$52.50 over the \$2,000 goal set before the campaign got underway a few weeks ago, according to Judge Don Humble, head of the Special Gifts division and drive treasurer.

Forrest Sapp, fund drive chairman, commended the workers who worked diligently to make the campaign a success.

"With good workers who will spend their time and efforts for the benefits of others and such excellent participation by Camron resident, our drive was sure to be a success," Sapp said. "I would like to personally thank each and every one of you that helped in this worthy cause," he continued.

\$2.8 Million Set For Milam Roads

A crowd of over 200 persons attended the Chamber's Highway Barbecue held Tuesday night and heard a report from District Engineer C. B. Thames on Highway projects in Milam County.

The affair sponsored annually by the Highway and Good Roads Committee of the Cameron Chamber of Commerce, was held at the City Park.

State Highway officials who serve this district were honored along with members of the Milam County Commissioners Court and the City Council.

Thames stated during the past year projects completed were FM Rd 2095, from Liberty to Milano, 4.7 miles; FM Rd 485, from Buckholts South, 2.3 miles and US 77, from Rockdale to Lee County line, 9.2 miles for a total cost of \$1,123,553.37.

Now under contract are the following projects:

US 79 through Milano, 2.6 miles for a cost of \$318,995.56; US 77, Falls County line to Cameron, 11.3 miles for a cost of \$871,313.79; FM Rd 938, Rockdale South, 4.7 miles for a cost of \$58,313.86; FM Rd 2347, Jones Prairie to Cross Roads, 2.6 miles costing \$65,192.12; FM Rd 908 NW of Rockdale and FM Rd 485 from Buckholts to Yarrington, 11.5 miles for a cost of \$111,635.48.

Total length of highways and roads now under contract is 32.7 miles with a total cost of \$2,142,450.81.

His report also included seven projects which are presently in the planning stages which covers 29.1 miles for a total cost of \$2,961,099. They are: FM Rd 437, Val Verde to Davilla with a \$145,000.00 cost; US 190, Cameron to Bell Co. line, \$790,000.00; US 79, widen GC & SF Overpass at Milano, \$100,000.00; FM Dd, 2829 from FM 486 S. San Gabriel to Williamson Co. line, \$75,000.00.

The letting dates for the following three projects will depend upon the date that Milam County can furnish its share of right-of-way funds and acquire titles to right-of-way. Thames said, US 79, Thorndale to Rocky Creek, \$521,000.00; US 79, through Thorndale, \$150,000.00; US 79, Cedar Park to Brazos River, \$1,080,000.00 are projects pending.

District Seal Coat and Maintenance Re-work will include 33.3 miles for a cost of \$137,600.00, Thames said.

NEW LIBRARY — TWO SIDES — This scale model shows the architect's rendering of the proposed \$40,000 Cameron Public Library, to be built following a fund drive on the E. Fourth St. site, set aside by the City two years ago. Top picture shows the view of the 64-foot front building from Fourth St. The setting is about 90 feet back from the roadway, nestled in trees native to the site. The brick, arched glass and

pre-stressed stone building will house facilities for about 6,000 volumes, a reading room and meeting room area in 2,028 square feet. Bottom picture shows the Third Street entrance which will have a drive up to the entrance. An 18-car parking lot is planned to the west of the building. The City of Cameron has already assured \$10,000 toward the completion of the project. Architect is David Carnahan, of Waco.

Construction Well Underway At City Library Plans Unveiling

Construction is well underway at two business locations and in several residential areas in Cameron this week.

At the Eastern Seed Co. building site, located along the Santa Fe Railroad next to the Batts-Hickman Scales, the foundation for the 50 x 132 foot frame and metal building is underway.

The 6,000 square foot structure will house the automated bulk processing plant, the machinery that will process the fertilizer, and will have office and control rooms along the north side.

In downtown Cameron, construction is in full swing at the new site for Bernice's Dress Shop.

Located at the corner of Houston and Main Street, the old New Cameron Drug building is being completely remodeled and redecorated.

The exterior work is near completion with only the concrete sidewalk needing to be finished. Over 60 running feet of plate glass makes up the two outside walls with the remainder being finished and painted a brilliant white.

Workmen were busy Wednesday starting a dropped ceiling in the interior, with only small details remaining before the project will be completed. A spokesman for the Matula Construction Company, contractors, said they expected work to be completed within a few days.

Meanwhile, four new homes in the Country Club Estates are progressing at a high rate of speed. Also, the frame work on a residential home on North Jackson has been completed. Another new home is going up on North Davis Street.

50th Anniversary To Be Observed Here

Cameron's Chapter 553, Order of the Eastern Star, will observe the fiftieth birthday of the local chapter on Sunday, October 13, at 3 p.m. in the Methodist Fellowship.

A model of the proposed new head a delegation of library board members and visitors at the unveiling ceremony.

The unveiling will present for the first time an architect's scale model of the proposed \$40,000 temporary structure, to be erected following a fund drive at the library site on E. Fourth St. (US 77-3H 36).

Planning by several committees and the Cameron Library Board has been underway for the past three months on the new building. Architect David R. Carnahan of Waco created the model and is project architect.

The unveiling will be the opening of a program for raising additional funds for the library in the next few months. The City of Cameron has already announced a contribution of \$10,000 toward construction of the new brick and pre-stressed stone building. A contribution of \$5,000 has been assured by the City Council this year and \$2,500 for the following two years.

In April, city voters favored more than 2 to 1 approval of a special library maintenance tax of 5 cents per \$100 valuation to provide an annual \$2,500 fund for operating the city library, buying books and paying a part-time librarian.

PLANS CONTINUE
Planning is still underway on the interior decorating details of the structure. It will house about 6,000 volumes at present and will include a reading room-meeting room with seating capacity of about 150 people.

Final library board approval of the plans came Monday night.

Outside building dimensions are 32 by 64 feet, allowing adequate space for up to 10,000 volumes and for additional building space in future years.

A parking lot is planned on the west side of the building and a drive-in entrance on the South side. The street or highway side will open onto a patio, according to present plans.

Interior planning also includes central heating and air conditioning in 2,028-square foot structure. Desks, book shelving and stacks, reading chairs are also included in the \$40,000 project.

Honorary pallbearers were Dr. Abner McCall, Dr. Tom M. Oliver, Harlan Fontress, Harry Province, Chris Whitcraft, Jada Davis, Dr. George Stokes, Dr. William G. Toland, Gerald Beckwith.

Also, William H. Williams, Sam Lenham, Dr. William J. Thomas, Dave Cheavens, Dr. W. J. Kilgore, Tom Parrish, Tommie Suits and Russell Todaro.

The family has requested memorial contributions to be in the form of gifts to Baylor University for the journalism department or to the March of Dimes.

Lyn Dell Raney Rites Held Wed.

Funeral services for Lyn Dell Raney, 27, assistant director of public relations at Baylor University, were held Wednesday in Seventh and James Street Baptist Church in Waco.

Graveside services were held at the Hope Lutheran cemetery in Buckholts.

Raney died Tuesday morning in Hillcrest hospital. He had entered the hospital September 23 with an illness later diagnosed as viral encephalitis. His condition had become progressively worse and for the past nine days he had remained in an iron lung.

Raney, who also served as a lecturer in journalism at Baylor, had held his position since November, 1961. He came to Baylor from the public relations staff of Southwestern Bell Telephone Company in Houston.

Raney began his career in 1954 in the advertising department of the Temple Daily Telegram. He joined the news staff in 1956.

From 1956-61 he was a reporter for the Waco Tribune Herald. Most of that time was served in the capacity of Education Reporter. From 1961-62 he was part time lecturer in journalism at Baylor.

He was a member of the Heart O' Texas Lions Club, the local advertising club, Baylor Bears Club, American College Public Relations Association, and the Baptist Public Relations Association. He was also a director of the local chapter of the Red Cross, the Waco Girl Scout Association, the Waco Boy Scout Association,

Seth N. Corley of Houston spent the weekend here visiting his parents, Mr. and Mrs. S. M. Corley. Marsha Brashier who was a surgery patient at Newton Memorial Hospital in Cameron has returned home where she is reported to be improving nicely.

Johnny Sue Eaton who is a surgery patient at Newton Memorial hospital in Cameron is reported to be improving.

Mrs. W. C. Dudik visited her brother, Vince Ruzicka, who is a patient under treatment at McCloskey hospital in Temple.

Miss Linda Ann Malovets has just returned from a two weeks visit from Kansas City, Kansas, where she has been visiting her aunt and uncle, Mr. and Mrs. W. D. Duke. While there she visited all the points of interest and she also visited at the Grand Lake of the Cherokees and the Buffalo Ranch at Grove, Oklahoma.

Before her departure, she was given a dinner at the Golden Ox Restaurant by her aunt and uncle.

CLARKSON

By Mrs. J. A. Blasienz
Mrs. Jack Briggs and children and Miss Inez Dodd of Fort Worth spent the weekend with their mother Mrs. V. D. Dodd.

Mr. and Mrs. Bobby Garrett and children of Bryan were Sunday guests of Mrs. Joe Hauk and Paul.

Mrs. O. L. Townsend and children, Wayne and Mary Francis, of Houston and Mrs. Frank Ocker of Houston spent Sunday with Mr. and Mrs. V. W. Hauk and children, Marilyn, and Larry and Polly.

Walter Kotring, Mrs. Archie Wilson of Bryan, and Mrs. Walter Whay of College Station have been visiting J. A. Blasienz in Rosebud.

Mr. and Mrs. W. R. Westerman and family of Humble have been recent guests in the Cullen White home.

Mr. and Mrs. Gorman McQueen visited Mrs. Priscilla Barnes and her brother in Law recently.

Mr. and Mrs. Cullen White attended a barbecue supper at Powers Chapel Thursday night.

Mrs. Johnnie Pittucha has been visiting her mother Mrs. L. A. Belle Andrews and family in Lott recently.

The Clarkson Cemetery Association will be held Sunday, October 19 at the Clarkson Baptist Church. Lunch will be served at the school building. Those who plan to attend are invited to bring a covered dish. Bread, meat and drinks will be furnished.

Mr. and Mrs. Hubert Skala and Kevin visited in Bryan last Sunday with Mr. and Mrs. Charles Burnett.

Mr. and Mrs. Emil Skupin and David visited in Sweetwater with their son and brother, Robert Skupin, the past weekend.

Mrs. Fred Starnes of Cameron has been visiting her mother, Mrs. William Kotring and Mr. and Mrs. Mrs. Bill Harrison, Billy Jack Harrison, Mrs. Hubert Skala and Mrs. J. A. Blasienz were among those from Clarkson attending last rites for Larry Fikes in Rosebud.

Recent guests of Mrs. V. D. Dodd have been Clarence Dodd and sons of Austin, and Mr. and Mrs. C. E. Richardson and children of Fort Worth, who also visited in the George Dodd home.

Mrs. Joe Hauk has been visiting Mr. and Mrs. D. M. Hamilton of New Salem recently.

Mr. and Mrs. Billy Ernst and son of Barclay have been recent visitors in the Louis Skala home.

Mr. and Mrs. O. J. Rhodes of Smiley spent the weekend in the Blasienz home at Clarkson and visited her father J. A. Blasienz at the Rest Home. Mr. and Mrs. John A. Blasienz of Bryan visited his father Sunday.

Henry Skupin who attends A&M University spent the weekend with his parents, Mr. and Mrs. Emil Skupin and David.

Mrs. Otto Mayer and Mrs. Herbert Engbrock and son visited in Temple Monday. Mrs. Mayer was a guest in the Lawrence Kostroun home. Mrs. Engbrock and son were guests of Mr. and Mrs. Bill Hoff.

Terry and Jerry Mayer spent the weekend in Waco with Mr. and Mrs. Melvin Davis and daughter, Kim, and attended the Baylor-Houston game Saturday night.

Senior Class Wins Rogers PTA Drive

The Senior Class won the Rogers Parent Teachers Association annual membership and magazine campaign in high school with a total of 6,350 points.

The sophomore class was runner-up. In the junior high school division, the 8th grade won by amassing a total of 7,200 points, with the 6th grade as the runner up.

In the intermediate division, grade, with 2,800 points. Mrs. Lois Gunn's 4th grade was runner up. In the primary division, Mrs. Edith Starnes' 2nd grade room won, and Mrs. Nancy Nabour's 1st grade was runner up.

Mrs. Carolyn Cobb, chairman, Mrs. Imogene Harbour's 5th expressed her affection to all the boys and girls and teachers for their fine work.

Demand For Alcoa Slag Aggregate

Demand for Rockdale Slag Aggregate, a by-product of burning lignite at the Rockdale Works Sandow Power Plant, has picked up considerably this year, according to Alcoa Works Manager Joe E. Yates. Adding up firm and tentative contracts, Yates said about 120 to 125 thousand tons of the lignite by-product will be moved out of the stockpile in the next several months. Estimates put the stockpile at more than a million tons.

The Rockdale slag is now being used in four different ways - as a slurry seal, as a hot mix for paving city streets and state highways, as a hot mix coldlay for patching streets and highways, and as a black base, a technique where slag, native materials, and asphalt are mixed together to form a road base.

Cities where slag will be used in the near future are Corpus Christi, Waco (both slurry seal jobs) and College Station at Bryan (hot mix paving).

Thirty-eight thousand tons of slag mix have been used in the District 17 Level Up Project. On this job, a one-inch layer of compacted hot mix was used on some 50 miles of roads in this district, including highways through Bremond, Hearne, Caldwell, Navasota and Brenham.

Ten thousand tons of slag are scheduled for a black base on short pieces of Farm-to-Market Road 908, south and north of Rockdale.

The road system at Alcoa's Rockdale Works is scheduled for rebuilding this fall. The use of hot mix and coldlay materials will involve some 2,000 to 2,500 tons of slag.

Another hot mix job to surface a rebuilt road between Cameron and Burlington going toward Waco also will use several thousand tons of Rockdale Slag Aggregate.

CAMERON, TEXAS' HERALD, OCT. 10, 1963 Page 3

Bulldogs Down

Belton Squad

With 42 - 0 Score

The OJT Bulldogs held the Belton Dragons scoreless, in their game played in Cameron last Saturday, when they racked up six touchdowns for a 42-0 score.

Following a scoreless first quarter, the Bulldogs started clicking and racked up 26 points in the second quarter.

Bruce Aycox scored twice, going off tackle from the 5-yd. line and on a screen pass good for 42-yds. Leonard Knight went over right guard from the 2-yd. line and Larry Ray intercepted a Dragon pass and went 25-yds. One conversion was made by Kelly Anderson on a ground play.

In the third quarter, Johnnie Holloway scored on a 14-yd. pass play. Frederick Kelley made the

PAT going off tackle. The Bulldogs scored on a ground play in the fourth quarter with Lonnie Lenued going off tackle from 25-yds. out. Niley Rosemond scored two points on a pass play for the conversion.

Outstanding on both offense and defense for the Belton Dragons were Andrews and Henderson.

Aycox and Ray were chosen backs of the week by the OJT Bulldog Booster's Club. Mack H. Lewis, Larry Joshua and Chester Neely were selected as linemen of the week. Curtis Rose's kicking and punting were also listed as outstanding.

On Milam's Farms and Ranches

News About Milam Farmers, Their Interests, And Activities

Milam ASCS Report

Price support for corn, grain sorghum, and barley in 1964 will again be made available through both loans and support payments, according to Alva E. Sanders, county manager of the Milam County Agricultural, Stabilization and Conservation Service. Growers will qualify for the supports by participating in the 1964 feed grain program, for which the sign-up period is planned for early next year.

The total national average price support levels for the three feed grains in 1964 will be the same as in 1963, Sanders said, but a slightly larger proportion of the support will be made available through loans. As last year, the loan rate will vary according to counties.

Besides qualifying for price support loans and support payments, the grower who participates in the 1964 feed grain program will earn a diversion payment on the acreage he shifts from feed grain production to a conserving use.

While the 1964 program is basically the same as the successful 1963 program on important change increases the top limit on diversion from a farm's base acreage and also increases the rate of payment for maximum diversion. In 1964, any producer may divert as much as 50 percent of his feed grain base acreage (in 1963 it was 40 percent). The maximum acreage diversion will be 25 acres if this is more than 50 percent of the base. Also in 1964, those producers who divert 40 percent or more of the feed grain base acreage will receive diversion payments at the maximum rate for all acres diverted.

While all details of the 1964 feed grain program have not yet been announced, Sanders said, growers having questions about the 1964 program are encouraged to call at the ASCS county office to discuss the program.

COTTON REPORT

AUSTIN: Central and country market activity slowed as harvesting operations continued to decrease. Light Spotted grades brought farmers 25 to 90 points over loan rates. Spotted grades 40 to 75 over with White grades bringing up to 50 points over. Demand was weak for the higher White grades with heavy loan entries in that category.

Dry mild days allowed central Texas farmers to continue harvesting operations at a rapid rate. Harvesting should be practically over in a week to ten days.

An unusual economic study published this year deals with the San Antonio River and prospective traffic areas. Bexar, Goliad, Karnes and Wilson Counties are included.

County Agent Notes

Don't Guess Soil Test

The time and weather is ideal for taking a soil test to determine the fertility needs for the next crops to be planted. Instruction sheets and cartons are available at the county extension office for taking and sending in soil samples.

Will it pay. Demonstrations have proven that three to four dollars return may be expected for each one dollar invested. An average of one million dollars per county increase was noted in 1963 for the 18 blackland counties located in Central Texas. This was largely due to the use of fertilizer.

Soil needs vary even on the same farm. An average soil need in the blacklands is 30 lbs. of nitrogen and 30 lbs. of phosphorus.

Screwworm Buildup Expected

Mission. There is no longer any doubt that Texas will experience an increase in screwworm this fall. The buildup that officials of the Southwest Screwworm Eradication Program warned about is a reality.

Officials at the sterile fly production plant near Mission say that more than four times as many infestations are now being reported weekly as a month ago. Producers in a number of counties where no screwworms have been reported for months are now discovering cases. Recent rains over most of the state and plenty of animal wounds are credited for the upswing in cases.

Eradication workers are concerned about the increase because it necessitates using more sterile flies for treatment of individual cases. This is at a time when all available flies are needed in the barrier zone between the United States and Mexico to protect the Southwest from being infested by migrating flies.

Of particular concern to eradication workers are reports that many farmers and ranchers are no longer using smeers and sprays for screwworm prevention and treatment. This makes their livestock "sitting ducks" for screwworm attack during the fall.

In spite of the upsurge of cases the September total of 439 was still far below the September 1962 tally of 3,967. However, officials said, early eradication will depend on the cooperation received from livestock producers. They should continue to treat animal wounds, collect larvae samples and report cases promptly to the county agent, livestock inspector or vocational agricultural teacher.

per acre for normal yields. We cannot settle for normal yields if higher yields are possible. Sixty pounds of nitrogen is necessary if a bale of cotton and 4,000 pounds of maize are produced.

The organic matter content of the soil should be studied. The soil test will show the organic matter level of the soil. A crop rotation should include wheat, oats or maize with cotton for the purpose of increasing the organic matter for crop production. A corn crop producing 70 to 80 bu. per acre is necessary in order to show an increase in organic matter.

Most of our soil tests show a rate of 1.0 to 1.5 percent organic matter. Two to two and one-half percent is the desired level. In other words we need to about double the amount of organic matter in our average soils. Organic matter is nothing more than decayed stalks and roots in the soil. A high organic soil is capable of absorbing much more rainfall, provides ideal conditions for a better root system and will increase the effectiveness of a soil fertility program.

Members of the Milam County Technical Action panel, Alva Sanders, Henry Ivey, Wayne Manna and the county agent are ready to help with a program to further increase net income in Milam county.

FHA Loans \$77,500 To Burleson County

A \$77,500 soil and water association loan to the Clay Water Supply Corporation, Burleson County, Texas, to drill a well, erect an overhead storage tank and install a metered distribution system was approved today, according to L. J. Cappelman, the agency's state director.

A total number of 72 farm and rural families are expected to benefit from the loan. State director L. J. Cappelman reports, the Clay Water Supply Corporation, with Farmers Home Administration loan funds, and \$2,000 contributed by the borrower members will enable residents of this area to have running water in their homes and generally improve living conditions. The proposed new system will produce an adequate and safe supply of water for domestic and livestock use.

TREAT FOOT ROT EARLY

Cattle affected with foot rot can be cured if diagnosed and treated early. However, if the condition is allowed to become chronic, surgical amputation of the affected claw may be necessary.

George Andrew Pavelek, son of Mr. and Mrs. Eddie L. Pavelek, 1310 West Main, Cameron, Texas, is the county winner of the Junior Electric Award. He is a member of St. Anthony 4-H Club.

George has only been in 4-H Club two years, yet has made a giant stride toward a successful 4-H program.

With his Electrical project, George has won First place record in county, First place Team Demonstration, and represented Milam County at District Contest. In club work, George has been Reporter and is the current President of St. Anthony 4-H Club.

Mrs. Peed Has Word Of Family Stationed In West Germany

In a long distance telephone conversation Monday night, October 7, Mr. Victor Frank Forderhase of Dallas told Mrs. E. L. Peed that he had recently returned from a tour of Germany and while there was a visitor with her daughter and family.

Mr. Forderhase is Musical Secretary for the Baptist General Convention of Texas and is one of the three musicians who went with a group of B.G.C. leaders on a Crusade of Evangelistic meetings in September.

He led music for a revival in Bad Tolz, Germany, and was a guest in the home of SFC and Mrs. Wm. Sealy Riley while there.

Mrs. Riley is the former Edna Lee Peed, daughter of Mr. and Mrs. E. L. Peed of Hoyt and Sealy is the son of Mrs. Sophie Riley, also of Hoyt. He is stationed in Bad Holz in the USAF.

He and his wife are charter members of the Baptist Church there and the children, Patty and Randy, are enrolled in the Sunday School.

Mr. Forderhase said the Riley family were well and active in church and school work. He enjoyed being a guest in their home.

State Fair Exhibits

Include Breeding,

Market Animals

Senior and junior livestock exhibitors will present a well balanced series of purebred breeding and market animal shows at the 1963 State Fair, Texas in Dallas, October 5-20.

The Pan-American Livestock Exposition, official livestock show of the 1963 State Fair of Texas, will feature the judging of 26 breeds of purebred livestock during its 14-day season, Oct. 5-13.

The Junior Livestock Shows and Auction Sales will spot light breeding as well as market animals during the second week of State Fair, Oct. 16-19.

Hundreds of the most famous livestock breeders in the nation will bring more than 2,000 head of beef and dairy cattle, sheep, swine and goats to compete for \$67,856 in premiums at the 1963 Pan-American.

The judging schedule calls for Pan-American's seven breeds of beef cattle to go through the ring during Oct. 7-12, the five breeds of dairy cattle, Oct. 7-9 and Oct. 11-12, seven breeds of swine, Oct. 7-9, six breeds of sheep, Oct. 5 and Oct. 7-9, and Angora goats on Oct. 5.

In the Junior Livestock Shows, more than 2,000 Texas Future Farmers and 4-H Club members will exhibit approximately 2,500 entries for a total of \$23,344 in cash premiums.

On Wednesday, October 16, the youngsters will show all breeds of beef and dairy heifers, milked steers and lambs, and they will start showing barrows.

On Thursday, Oct. 17, they will show market steers and complete the barrow show. The Junior Barrow Show will be held on the next day, Friday.

FARMS PRODUCE MORE

By 1975 farmers and farms will be fewer but they will be called on to produce more food for more people. This will mean that the farmer, who is now producing enough food for 26 people, will have to produce food for 42 people by that year.

INTRODUCING THE DEPENDABLES FOR '64

Compact families, if you've grown larger... Dart's for you

Something new in compacts! Family-size room. Family-size fun. Dart is a fresh new compact in the large economy size.

Dart's a little bigger outside, a lot roomier and more comfortable inside. A bigger engine under the hood, a lot more fun on the open road. And bringing up the rear? A whopping trunk with more usable luggage space than many full-size cars.

Yet Dart is a compact. You can tell by the great gas mileage. By the way it slips into skippy parking spaces. And by its small compact price. In short, few compacts cost less than Dart. Not one gives you

so much for the money. So head for your Dodge dealer and try Dart on your family for size. Three series, nine new models. With each, you get a 5-year/50,000-mile warranty.*

*THE DEPENDABLE 5-YEAR/50,000-MILE WARRANTY—Chrysler Corporation warrants, for 5 years or 50,000 miles, whichever comes first, against defects in materials and workmanship and will replace or repair at a Chrysler Motors Corporation Authorized Dealer's place of business, the engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excluding manual clutch), torque converter, drive shaft, universal joints, rear axle and differential, and rear wheel bearings of its 1964 automobiles, provided the owner has the engine oil changed every 3 months or 4,000 miles, whichever comes first, the oil filter replaced every second oil change and the carburetor air filter cleaned every 5 months and replaced every 2 years, and every 8 months lubricates to such a dealer evidence of performance of the required service, and requests the dealer to certify (1) receipt of such evidence and (2) the car's then current mileage.

Project To Boost Yoe Band

Cameron is justly proud of the outstanding achievements and performance of the Yoe High School Band, and the local P. T. A. the opportunity to show their pride through a new band booster project.

The project is a Cameron Community Birthday Calendar. The goal is to help provide needed equipment for the Yoe Band.

Who will it benefit? You, your family and the 100 teenage children who practice, practice, practice, in order to give Cameron something extra special.

In 1964, Cameron will have such a birthday calendar. The project is being sponsored by the Cameron PTA.

School Supt. Charles Ziegler said "We (the administration) are endorsing this program". He continued "I think it's a fine thing and we have a definite need for the support of the PTA. Anytime the organization can be of help to the Cameron Schools we favor the project."

Mrs. Eugene Smitherman and Monroe Fuchs are in charge of the fund raising committee and have set up a program that will be worthwhile to all of Cameron.

"This will be the most interesting and informative calendar you have ever seen," Mrs. Smitherman said.

These handsome illustrated calendars will picture the famed 100 piece Yoe High School Band. They are a value far exceeding their modest cost and all proceeds beyond the expense of printing will go to the band.

This is the first time a project of this nature has been taken on to help the band obtain needed equipment so they can perform to their fullest. "We do not know at this time exactly what the band will receive, that will be determined by the cooperation of the Cameron residents and the number of calendars that are sold. The equipment that is most greatly needed such as instruments, music or new flags, will be first in line I suppose," Supt. Ziegler said.

Members of the Yoe High School band will also aid in making this program a success. They, along with members of the PTA will be calling on Cameron residents to sell subscriptions to the Birthday Calendar.

"If you are married, all your family's birthdays, anniversaries etc., will be printed and you will receive a calendar for the minimum cost of \$2. Extra calendars for folks away in the service or ones having moved from Cameron are \$1 each," Mrs. Smitherman added.

Board Officials Review Progress Of Tax Program

The Cameron School Board is presently in the process of reviewing the work being done in the Equalization Program by the Southwestern Appraisers Company.

Supt. Charles Ziegler said the School Board has met in two special sessions during the past few days to study the information being supplied to them. He noted that the Board is not finished with their examination and no formal action has been taken.

He anticipated the work by the appraisers would be complete within a very short time. Upon completion, the information will be presented to the Board of Equalization who will have the responsibility to set the tax rate for the Cameron Independent School District.

Milam County 4-H LEADERS Meet At Milano

Five speakers highlighted the recent meeting of the Milam County 4-H Adult Leaders Association held in the lunch room of the Milano school.

Miss Elaine Richardson of Rockdale and Danny Thweatt of Cameron presented a resume of activities of the 4-H Club Seminar at Sam Houston State College in Huntsville this summer. They were introduced by Max McClaren, program chairman.

J. D. Moore, county agent, and assistant county agent Charles Henson lead a discussion to consider establishing a 4-H Club "Horse Club" in Milam County.

Mrs. S. W. McClaren Jr., president, announced committee chairmen for the coming 4-H year. Chairmen and their committees are:

Max McClaren, program; Mrs. Boyd Stephens of Rockdale, Mrs. Robert McAnulty of Thorndale and Hugo Hollas of Ben Arnold, membership; Mrs. Anton Hanel, Mrs. Preston Perry of Rockdale and Mrs. Robert Jungmann of Yarrington, arrangement; Mrs. Robert Orr, Rockdale and Mrs. Nelson Davis, Sharp, hospitality.

State Rep. Schiller Attends Prison Unit Dedication Services

State Representative Milton Schiller was among a large group of state officials who attended the dedication ceremonies of the new O. B. Ellis unit of the Texas Department of Corrections in River-side last Sunday.

Gov. John Connally made the dedicatory address in the Chapel and accepted the building from H. H. Coffield, of Rockdale, who serves as chairman of the Texas Dept. of Corrections Board.

The new unit was built by convict labor and cost \$4.5 million. It will house 950 inmates and is the first new unit in several years. Officials noted that prison population is increasing faster than the Texas population.

Local GOP Leaders Attend Austin Meet

Three local GOP leaders attended the Friday session of the statewide conference which the Republican Party held last week end in Austin.

Milam GOP Chairman Dr. E. O. Smith Jr., James E. Luckey and Edwin W. Lehman drove to Austin on Friday morning for the meeting. They were among about 400 Republicans from all parts of Texas who attended.

They heard speeches by Pete O'Donnell of Dallas, the Party's state chairman, and Dudley Sharp of Houston, finance chairman. Also they received instructions in public relations and especially in the up-coming registration drive to add 600,000 new conservative voters for next year's elections.

O'Donnell, they reported, was very optimistic about the GOP prospects in the state next year, especially if U. S. Senator Barry Goldwater is the Republican presidential candidate.

Services Held For Mrs. Lela Reynolds

Funeral services were held last Sunday for Mrs. Lela Reynolds, 76, who died at her home at 708 North Jefferson October 5.

Mrs. Reynolds was born March 31, 1887 in Hood County. She had lived in Cameron for twenty-seven years. She was a member of the Church of Christ.

Services were held at the Marek-Burns funeral home with Mr. Ralph Nelson, minister of the Church of Christ, officiating. Burial was in the Oak Hill cemetery.

Survivors include a foster son, Charley Reynolds of Cameron; brother, Rochell Pelts of O'Donnell; sister, Mrs. Winnie Watts of Grady, N. Mex.

Palbearers were Thurman Dodson, Don Edmonds, Fred Peed, Alfred Dusek, John Schmidt and Frank Burkeen.

Drivers License School To Be Held In Cameron

A drivers license school will be held in Cameron on October 14, 16, 21 and 23, according to Milam County Sheriff Carl Black who is sponsoring the course in cooperation with the Texas Dept. of Public Safety.

Classes will be conducted in the District Courtroom at the courthouse from 7:30 p.m. to 9:30 p.m. The school is free of any charge and it is not necessary that a person read or write to attend.

Those obtaining a drivers license will pay the regular fee of \$3.00.

Jesse Merrifield Rites Held Wed.

Funeral services for Jesse E. Merrifield, 69, of Milano, who died Tuesday morning at McCloskey hospital in Temple, were held Wednesday in Milano. The Rev. Larry Sparks officiated with burial in the Milano cemetery.

A veteran of WW I, Merrifield lived most of his life in Katy, but had resided in Milano for the past 2 months.

He is survived by his wife, Mrs. Lavina Merrifield of Milano; son, Earl Merrifield of Katy and two grandchildren.

Green's Funeral Home was in charge of arrangements.

Max Huerta Rites Set October 10

Funeral services for Max Huerta, 70 year old Latin American, will be held today, Thursday, at 11 a.m. at Port Sullivan. Burial will be in the Port Sullivan cemetery. Huerta died Tuesday at his home in the Branchville community.

He is survived by his wife, two sons, Antonio of Houston and Abraham of Fort Worth; four daughters, Mrs. Josephine Aleman, Huerta all of Branchville and Mrs. Petra Lopez of Houston.

Fleur-de-lis Has Autumn Workshop

Mrs. Bentley House was hostess for the Fleur-de-lis Garden Club fall workshop Tuesday evening at her home.

Mrs. John Schigut Sr. of the Rosebud Garden Club directed the dried arrangement workshop assisted by Mrs. H. E. McAttee and Mrs. C. A. Adkins, also members of the Rosebud Club.

Following the workshop the arrangements were displayed for suggestions and criticism.

Mrs. E. O. Smith Jr. presided at the business meeting.

Robert L. Mann, Miss Bowman Wed

Miss Ann Helen Bowman and Mr. Robert Lee Mann, were married at 7 p.m. Friday, October 4, at St. Stephen's Episcopal Church, Sherman.

The bride is the daughter of Dr. and Mrs. George Bowman of Cameron. Mr. Mann is the son of Mr. and Mrs. Wayne Mann, also of Cameron.

The Rev. James McKeown, formerly of Cameron, now of St. Paul's Church, Meridian, Mississippi, performed the informal church ceremony before an altar decorated with large white mums.

Mrs. Roy Stephens of Sherman was organist.

Given in marriage by her father, the bride wore a three piece China white boucle wool suit. Her hat was close fitting in truffle color and sequin trimmed. She carried a white Prayer Book covered with a shower bouquet of carnations and stephanotis and wore heirloom pearls which had been worn by her mother at her wedding.

The brides sister, Betty Bowman, was maid of honor. She wore a soft wool dress in teal blue with an empire waist and boucle trim and a matching close fitting hat. She carried a small crescent arm bouquet of white carnations.

The grooms father served as best man. Ushers were George Bowman 11 of Cameron and Alva Baker of Pasadena, Jim Bowman, brother of the bride, was Acolyte.

The brides mother wore a soft wool sheath dress in muted tones of winter green, cranberry, burnt orange and fawn. The grooms mother wore a cranberry silk suit. Both wore corsages of white carnations.

Miss Mary Bowman registered guests at the reception in the St. Stephen's Parish Hall.

White mums and candles in antique white candelabra centered the brides table which was covered with a white appliqued organdy with a white appliqued organdy cloth.

Serving at the brides table were Miss Peggy Mann sister of the groom, and Miss Phoebe Lester of Tyler. Other members of the house party were Miss Karen Ray of Seminole and Miss Sherry Ferrell of Tyler.

The couple will make their home in Sherman where the bride is a student at Austin College.

Engagement Announced Here

Mr. and Mrs. Fred Lazek Jr. announce the engagement and approaching marriage of their daughter, Linda, to Paul Brooks, son of Mr. and Mrs. G. W. Brooks of Temple.

The wedding is planned for October 13, at 4 p.m. at St. Monica's Catholic Church.

'Topics Of Day' Is Delphian Program

"Topics of the Day" was the program for the Cameron Delphian Club meeting October 1 at the home of Mrs. Ed Gunn.

Members participated in the program with reviews of current news topics. The program was under the direction of Mrs. E. A. Perrin.

Coral vine decorated the mantel and refreshments of ice cream and lemon cake were served. Mrs. Leland Green Sr. was co-hostess.

Gatesville Hosts Delta Kappa Gama Regional Meet

ROSEBUD - Members of eight chapters of Delta Kappa Gamma, international society for women in education, will attend a regional meeting at the Gatesville High School auditorium in Gatesville, Saturday, October 19.

Presidents of participating chapters include Mrs. Mary Lee Stubbs, Rosebud, Beta Nu; Mrs. Mrs. Florine McClung, Waco, Zeta; Mrs. Katherine Bryant, Burnet, Alpha Chi; Mrs. Rena Marttiler, Valley Mills, Beta Beta; Mrs. Gladys McAfee, Hillsboro, Gamma Delta; Mrs. Grace Bate, Waco, Epsilon Chi; and Mrs. Eula Faubion, Evans, Gamma Alpha, hostess, chapter.

Developing the theme "Delta Kappa Gamma on the Move," Mrs. Gladys McAfee of Hillsboro will serve as moderator for a panel discussion on the subject, "Delta Kappa Gamma on the Move with Good Programs." Mrs. Katherine Bryant of Burnet will serve as a discussion leader on the topic "Delta Kappa Gamma on the Move with Solved Chapter Problems."

"Nig" Moody Starts Raising Racing Greyhounds At The Age Of 7

By Lois Sapp
W. C. "Nig" Moody, who has been raising, training and racing Greyhounds for the past 50 years still says "There's nothin' like seeing a Greyhound race".

He has 50 Greyhounds on his farm located five miles south of Cameron. Lately he has limited his sport to their breeding and training, then leasing the dogs for racing.

At the age of seven years, Moody became attached to these long, lean dogs, which are universally known as the fleetest of dogs.

Like most small boys, he loved dogs. A friend named him two Greyhounds. "Having never seen a Greyhound run before in my life, I was amazed at their speed and I eventually traded my dog for the Greyhounds," he said in speaking of how he started his hobby.

In 1906, he purchased his first registered Greyhound racing rabbits in the country had been racing his sport, but he began racing this dog, known as Rapid Wheels, on coursing parks.

Rapid Wheels became his first champion. "She was never led to a jackrabbit in her life and when

I could no longer match her I sold her to a doctor in New York," he said. This, however, was after she produced a litter of 10 puppies. Three of them lived and Moody raced them in coursing parks all over Texas.

MOODY CONTINUED to raise dogs for many years, but it wasn't until about four years ago that he was able to breed to top racing dogs of the nation. This began to turn his hobby into one that is becoming more profitable each year.

At a large area at his farm, Road Lizard is his prize female for breeding. She has had seven litters, about 70 dogs, with champions out of every litter. "She is considered one of the best brood type that lives today and is worth about \$50,000," he said.

Training the last litter of Road Lizard is well underway. At three months these dogs started running in pens of two and at six months Moody will break them to lead and teach them to get in and out of kennels. "There's nothing worse than a Greyhound that won't lead," he commented.

They will then be ready to start running live jackrabbits. "When they reach a year old I will teach them on the electric tracks, teaching them to break the box and run the dummy. After eight schoolings on each dog they will be ready to leave for the race track," he continued.

Presently Moody has 19 dogs leased. Several of these are in the champion bracket. "The average income on a top dog can be about \$20,000 a year and the average dog can earn about \$4,000," Moody noted. Their racing career begins when the dog is 16 months old and they can run until they are about five years old.

One of his champions is Nigs Heave, a three-year-old, he is the prime age for racing. He is leased to June Gillis of Florida, who also has nine other Moody dogs.

Another champion is "Walk Tall". He set three track records at Tampa last winter.

THE MOST promising Greyhound Moody has leased is a young 24-month old dog known as Moody's Choice, bred by Road Lizard.

"This dog can outrun any greyhound that lives today," he said. She is leased to Mrs. G. M. Lillie of Florida, who also has Walk Tall along with six other Moody dogs.

When the racing career of the champions are over, Moody will get them back so he can raise others from these dogs.

A cattleman and Greyhound trainer, Moody's farm shows his love of dogs. He has a Rat Terrier, bull dog, two border collies and two "coon dogs". He has trained the collies to round up any group of animals on the farm. The coon dogs accompany him on his frequent raccoon hunting trips.

OJT Bulldogs Fall To A & M Squad
The OJT Bulldogs fell to the A & M squad last week with a 36-6 score, in a game played in College Station.

A & M went out in front in the first quarter when Charles Peyton scored on a 60 yard pass and the conversion was good. Their second score came when James Perriman put pay dirt on a ground play.

During the second quarter the Bulldogs hit the score board when Bruce Ayers picked up 10 yards going off tackle and in for 6 points. This came after A & M's Perriman went in for another touchdown and two point conversion.

Ayers picked up two more touchdowns in the second half with Charles Peyton scoring with both of the tallies. One of the conversion tries worked and the game ended with a 36-6 score.

Defensive standouts for the Bulldogs were Knight, Kelley, Halfack, and Setty. Lennie Lenned, halfback, set up the Bulldogs' only touchdown drive with a 30 yard run.

GOLF ODDITIES

... by JOE BLACK,

PGA Tournament Supervisor

THERE is a saying that lightning never strikes the same place twice. Don't believe it! In the 1963 PALM SPRINGS GOLF CLASSIC, Don January made a hole-in-one on the 15th hole at Indian Wells Country Club. Exactly two years prior in the same golf tournament, on the same hole, with the same club—a No. 8 iron—Don made a hole-in-one.

EVEN THOUGH Gary Player, the current national PGA champion, has one of the greatest records in professional golf for the past five years, there is one record Gary wants to break. Ten times Gary has tied for a golf championship and been forced into a playoff. Each time, Player has lost the playoff.

WHO MAKES the holes-in-one? Although forty of the nation's top men and women pro golfers team up each year to play only two aces have ever been shot in the history... and these by golfers.

A MYTHICAL player who could have shot even par in each round of each golf tournament on the PGA tour in 1962 would have won \$53,477.25 and been 5th money winner. But he would have won only one golf tournament—THE COLONIAL NATIONAL INVITATIONAL.

Women Golfers Elect Officers For New Year

New officers of the Cameron Women's Golf Association for the coming year officially took over their duties October 1, according to Esther Manning, publicity chairman.

Mrs. Bernice Lester was elected president at their September meeting along with other new officers. She succeeds Emma Lou Curtis as president.

Other officers elected were Grace Davis, vice-president; Melba Secretary and Eddie Eplen, treasurer.

Committees for the coming year were also selected. They are: Plan of Play, Lorraine Ponder and Harvey Jockey; Handicap, Mary Alvine and Lynn Fuchs; Prizes, Amy Ford and Wis Nolte; Publicity, Esther Manning; Decoration, Carolyn Smith and Lucille Monroe; Food, Ann Ruth Denson and Ruby Arledge; Rules, Nona Smith and Peggy Smith; Telephone, Amy Ford.

Tournament committees are: Invitational Chairman, Melba Wells; Co-Chairmen, Grace Davis and Eddie Eplen; Club Championship, Emma Lou Curtis and Nona Smith; Handicap Tournament, Ruby Arledge and Lynn Fuchs; Ringer Tournament, Dottie Young and Lorraine Ponder; Scotch Foursome, Carolyn Smith and Emma Lou Curtis and Ladder Tournament, Esther Manning.

The women are now playing their club championship tournament which will be completed in a few weeks, Mrs. Manning said.

Cardinals Defeat Hearne Sun., 27-3
The Cameron Cardinals defeated the Hearne Dragons 27 to 3 in the last game of the season Sunday at Colonial Field.

Winning pitcher was Tony Mendoza and winning catcher was Moses Mata.

First Place Race For The Cam - Roc Bowling Pennant
The Lewis Breth team in first place with 11 wins and 1 loss.

Green Funeral Home is second with a record of 7 wins and 5 losses followed by: Childress Ins. 7 - 5; Pearl, 6 - 6; Acme Sheet Metal, 5 - 7; Farm and Ranch, 5 - 7; Mondriks Minimex, 4 - 8; Gaither Motor, 3 - 9.

High series was rolled by Milady Hollas with a 501. Lillie Ralston rolled a 492 and Eleanor Lamkin, 491.

Milady Hollas rolled the high game, 197, followed by Lillie Ralston with a 192 and Molly Zavodny, 187.

High averages for the league are held by Milady Hollas, 151, Dennie Mayer, 150, and Mary Gage, 149.

Yoemen Beat LaGrange

The Cameron Yoemen scored in the third quarter in Friday night's football game to come out on top of the LaGrange Leopards with a 7-0 score.

Both teams played rough and rugged ball before a capacity crowd at Yoe Field. The night was termed "Mother's Night" and all the Yoemen mothers viewed the game from a reserved section of the stadium.

A half-time highlight was the crowning of the 1963-64 football sweetheart, LaNell Darby. Following her presentation the mothers of the players were recognized.

The LaGrange Leopards took the ball on the game kickoff and drove to the Yoemen 46 yardline by ground plays and passes. Halfback Jerry Call picked up about 15 yds on a pass play good for a first down, but a strong defense held them on a 4th down play calling for a necessary punt.

Cameron took the ball and gained yardage to the Leopards 18. A 15-yd. penalty gave them a hard knock and from the 35 yardline they had to quick-kick on the 4th down.

The ball changed hands several times with each team keeping possession just long enough to pick up some yardage, but not enough to score.

Cameron penetrated to the 15 yard line but a Yoemen back was hit hard by a Leopard Tackle jarring the ball loose. The fumble was recovered by the Leopards.

During a major part of the second quarter fans viewed a defensive ball game all the way. Each team suffered a fumble but the Leopards came at a crucial time as they were just 15 yards short of the goal line.

The last Cameron drive, before the half, started on their own 8 yardline. The Yoemen picked up several first downs and drove to the Leopards 40 yardline. Halfback Don Manley's 30 yard run was one of the highlights of the quarter.

In the second half kickoff, Cameron received the ball and began close to the ground, they picked up five first downs during about 14 plays from scrimmage.

Then, from five yards out, quarterback Mack McKinney went around right end on a keeper or play for the 6 points. Larry Plentl kicked the extra point and the Yoemen were out ahead 7-0.

Trying to return the favor, the Leopards took the ball on their own 38 yardline, picked up a first down and suffered a 15-yd. penalty. The drive ended with a 4th down punt. Robert Moraw, a Yoemen right defensive end, dropped the Leopard ball carrier behind

the line of scrimmage. Moraw was outstanding during the entire ball game, making numerous tackles all over the field during key plays.

LaGrange drove again before the 3rd quarter ended when they recovered a Cameron fumble on the Yoemen 32 yd. line. Again a strong defense was thrown up and the Leopards lost the ball on downs on the Cameron 31.

With the Yoemen trying to maintain their 7 point lead and the Leopards striving to hit pay dirt, the 4th quarter was a nip and tuck battle.

Cameron took the ball on their own 31, picking up yardage to their 41 yardline, when the ball flipped out of the hands of a Yoemen back and the Leopards covered.

With new determination, the Leopards began a drive which was plagued with a penalty and a stiff opposition. On the 25 yardline they lost the ball on downs.

The return drive by the Yoemen was short lived. They picked up four yards then suffered a 15-yd. penalty. Forced into a 4th down punting situation, they had to give the Leopards one more chance to make the scoreboard.

Taking to the air, the Leopards made their final effort. Yoemen Tailback, Dennis Jistel, grabbed a long LaGrange pass, which may be credited for saving the ball game. The interception gave Cameron possession on their own 24 yardline.

With a minute to go the Yoemen held to the ground, picking up a few yards in each play. The clock ran out when the Yoemen were just 11 yards short of the goal line. The win gave Cameron a 2-3 non-district record.

Yoemen Head Coach George Kirked was pleased. Mike McDaniell, carried 24 times for 144 yards; Mike Perrin, carried 12 times for 40 yards and Mack McKinney, 16 carries for 50 yards.

The Yoemen completed two out of three pass attempts. McKinney's pass to Don Manley was good for 35 yards and a pass from

In Thursday night's game between the Yoemen B-team and the Rosebud Black Panther's B-team, the Rosebud squad beat the Yoemen by a 28-8 score. The game was played at Rosebud field.

Cameron's score came in the first quarter when James Hoskins went around right end on a quarterback keeper play. Hoskins scored the conversion with a play off left tackle for two points.

The Yoemen A squad will take a rest this week when they enjoy

their open date. Dickey Ponder to McKinney was good for 8 yards.

Their next game will begin the triet 19-AA play. They will travel to College Station to meet the A&M Consolidated squad on October 18.

To Mr. and Mrs. Edward Chalk, Rockdale, a boy, Joe Edward, 7 pounds 8 ounces, born October 2 at 8:15 a.m. in St. Edward Hospital. To Mr. and Mrs. Betty Haskins, Cameron, a girl, Sherry Jean, 8 pounds 14 ounces, born October 2 at 11:52 a.m.

Buckholts Defeat Milano 33-24

The Buckholts Badgers scored twice each in the second and third quarters and led the victory by scoring again late in the fourth quarter to defeat the Milano Eagles 33-24.

Left halfback Calvin Shenkir ran three touchdowns, passed for the other two, and did the passing for two extra points to lead the Badgers offense.

Milano was first to score when Pascard ran over for the touchdown from eight yards out in the first quarter. The PAT was so good and Milano led 6-0.

Late in the second quarter Shenkir returned a punt behind excellent blocking for seventy yards and a touchdown. Later in the period Shenkir ran from the line of scrimmage for seventy yards and a touchdown. He then passed to end Larry Kodack and center Johnny Mekush for touchdowns.

In the fourth quarter Milano came within two points by scoring three touchdowns: one by Cass and two by Hernandez.

Buckholts led the game with less than a minute to play when Shenkir scored from twenty yards out.

Outstanding defensive players for Buckholts were Dickey Jones, Larry Coufal and Dan Glaser.

The Badgers do not play this week. They will play Turnersville October 18 at 7:30 p.m. for their first district contest.

Alternatives In Wheat Trade...

A most difficult decision will be made this week: whether to sell wheat to the Communist Bloc.

Congressman W. R. Poage outlines eight alternative alternatives, being considered at the highest levels this week:

"FIRST: Russia has not, up until now (October 4), made any firm offer.

"SECOND: We are assuming that Russia will be prepared to pay at world prices, in cash.

"THIRD: Russia has bought very large amounts of wheat from Canada and considerably flour from West European nations. (Wheat for much of this flour came from the United States).

"FOURTH: We need gold. Our 'balance of payments' situation has become critical. If we could receive several hundreds of millions of gold, it would be an available asset for a long time.

"FIFTH: On the other hand, the wheat Russia would receive would be consumed over the winter.

"SIXTH: It costs us lots of money to build wheat which is surplus to our needs. Storage on gold is almost nil.

"SEVENTH: We are not at war with Russia and no civilized country has ever sought to deliberately starve the people of another country except as a war measure. (Actually, we cannot shut Russia off from the purchase of foreign food.) We can only shut our own people off from a market and create ill will in so doing.

"EIGHTH: If we could and would starve the Russian people, it could not help the U. S."

These are the possibilities and points under consideration by Cabinet level officers prior to recommendations for a decision by President Kennedy. The decision is his.

The 11th District Congressman says, "I want to see a bi-partisan foreign policy, and I would expect that the Administration might want some clear-cut Republican support before approving such sales, but if this support were forthcoming I feel that we should sell wheat if the Russians want to buy for cash at market prices."

It is clear from Poage's remarks that the U. S. sale of wheat to Russia is probable. She and her East European satellites have had a poor crop year.

It is quite true that Russia can obtain wheat from Western Europe. Red China is buying half a billion dollars worth from Canada.

We believe there is a cold war between the two global giants, but necessity may force this first trade of commodities if the cash price is right. It is not an easy way out. It would have interesting ramifications in domestic agriculture, a new market.

Dateline Austin

JFK To Launch Texas Campaign

By Vern Sanford

AUSTIN - President John F. Kennedy is coming to Texas around November 22 to help lift the 1964 Democratic presidential campaign off the launching pad in this state.

As early as he is, the President appears to be somewhat behind the political timetable of Texans. Gov. John Connally, who announced the President's visit, called in nearly 50 of his top supporters to begin getting his own campaign organization in shape.

Republicans also summoned key local leaders to Austin for a "leadership conference." They pawed over scouting for candidates and began 600,000 new members of the GOP.

The Republicans picked up another candidate for the U. S. Senate, Dr. Milton V. Davis, Dallas chest surgeon. George H. W. Bush of Houston announced last month. SHELL-DREDGING WRANGLE

A coastal region crisis is being claimed by the state's four largest shell-dredging firms.

Firms are Parker Brothers, Inc., W. H. Haden Company, Horton and Horton, and Bay Dredging Company.

State Parks and Wildlife Commission took under advisement their application to expand dredging activities in Galveston and Trinity bays.

Applicants claimed \$1,000,000,000 worth of industry and 10,000 jobs are threatened by an acute shortage of oyster shell in authorized areas. Dredgers supply shell to roadbuilding and concrete industries, as well as chemical, paper and other manufacturing firms in the state.

Oyster fishermen, sports fishermen and conservationists also were on hand during the two-day hearing. They claim that they would face a crisis if shell-dredging areas are expanded in the two bays. Commercial fishermen, who produced 64 per cent of the 1962 oyster crop in Galveston Bay, claimed they would be run out of business. Sportsmen said destruction of live oyster reefs, or reefs which can be revitalized, would destroy every natural attraction in the bays.

Both sides feel that the application fight is a life-or-death situation - either for the shell-dredgers or for the oyster men and the vast sporting industry on the upper Gulf Coast.

CATTLE KILLER - Agriculture Commissioner John White warned Texas farmers against the "deadly danger" of letting livestock graze in fields which have been defoliated by the use of certain cotton chemicals. Warning came after a Breckenridge farmer lost more than half his herd of cattle from the effects of arsenic poison.

White urged farmers to seek full information on the effects of any chemical before applying it to their fields.

OIL INDUSTRY WOES - The Texas oil industry is in a three-way bind. Governor Connally told the Texas Independent Producers and Royalty Owners Association. Stabilization of foreign imports would strengthen the troubled industry, he said, but Texas oil also is losing markets to other states and to natural gas. TIPRO backed legislation to require pooling of small tract oil and gas leases for operational purposes. Connally went to Washington to ask Secretary of Interior Stewart Udall for more imports controls.

OLD-AGE HEALTH PLAN UNDERWAY - Fifty three insurance companies have joined the state-wide coop, authorized to write health insurance for citizens over age 65. Among the first senior citizens to sign up for insurance were Gov. John Connally's mother and father-in-law, Mrs. J. B. Connally of Floresville and Arno Brill of Austin.

Plan Ahead...

AUSTIN (Spl.) - What does the future hold for Texas' small and medium-sized cities? How can they plan intelligently for the 25 years ahead?

Helping to answer those questions is the University of Texas Bureau of Business Research, which is carrying out a number of sub-contracts for city planning firms and consulting engineers employed by municipalities or civic groups.

"Paris, Texas: From Farm to Factory" is a recent publication based on one of the Bureau's economic surveys. Forthcoming studies are on Hearne, Brackettville, Quanah and Eagle Pass.

Bureau research associates, who are also University faculty members, visit the cities to gather statistics and interview city and chamber of commerce officials, local merchants, bankers, school executives and others with knowledge of the local economy and environment. The researchers survey business and residential sections, special projects in the trade area, tourist attractions and the like - everything that might have a bearing on the future of the community.

Back in Austin, they analyze the raw material they have gathered and attempt to project population and employment trends. After the report is accepted by the firm which commissioned the study, the Bureau makes the information available to the public in mimeographed form. The Paris report sells for \$2.50.

Still in print are reports on Denton County, 1967; Dallas County, 1965; the Colorado River Industrial Development Area (San Saba, Bastrop, Fayette, Colorado, Wharton, Big Spring, 1959; Midland, 1959; Corpus Christi, 1961, and Athens, 1961.

OLD PHILOSOPHER

Philosopher Has Hard Time With The Problem of Selling Wheat To Russia

Dear editor: There are some international problems which I'd just as soon not have to solve.

For example, take wheat. As I understand it, the Russians are trying to buy a lot of surplus wheat from the United States, I guess in order to get enough strength to handle the shovels they're planning on burying us with, and the offer, especially since it mentions cash in advance, is troublesome to answer.

One side says no, don't sell them Communists anything. The other side says why not, we got

all this surplus wheat staring us in the face and costing us money to store and if Russia doesn't buy it from us she'll buy from Canada or some other country, so why not take the money and spend it on defense or apply it on the national debt if it's not unconstitutional to reduce it.

It's that cash-in-advance angle that makes this a hard problem to answer. If she wanted to borrow some wheat, or buy it on credit, any Congressman could give you the answer, but cash on the barrel head - this is a question that requires judicious debate.

It stumps me I don't have the answer, but I think I can tell you what we'll do. We'll sell.

Human nature is hard to control. I've never yet seen a prohibitionist lumberman who wouldn't sell material to build a bar if he got the cash, a reactionary insurance man who wouldn't sell insurance to a liberal. Cash, like music, seems to be a universal language.

Personally, I don't have any wheat to sell, but if you hear of any country in the world wanting to buy some Johnson grass seed, let me know and I'll rattle with the problem.

Yours faithfully,
J. A.

Out Of The Past

"A mass meeting was held in Cameron to endorse John H. Bickett of Milam County as a candidate for State Treasurer. A committee to help in the campaign was set up with Jeff T. Kemp elected chairman and O. F. McNally secretary. On the executive board will be: John M. Hefley, J. K. Freeman, J. M. Sharp, W. W. Chambers and M. J. Moore."

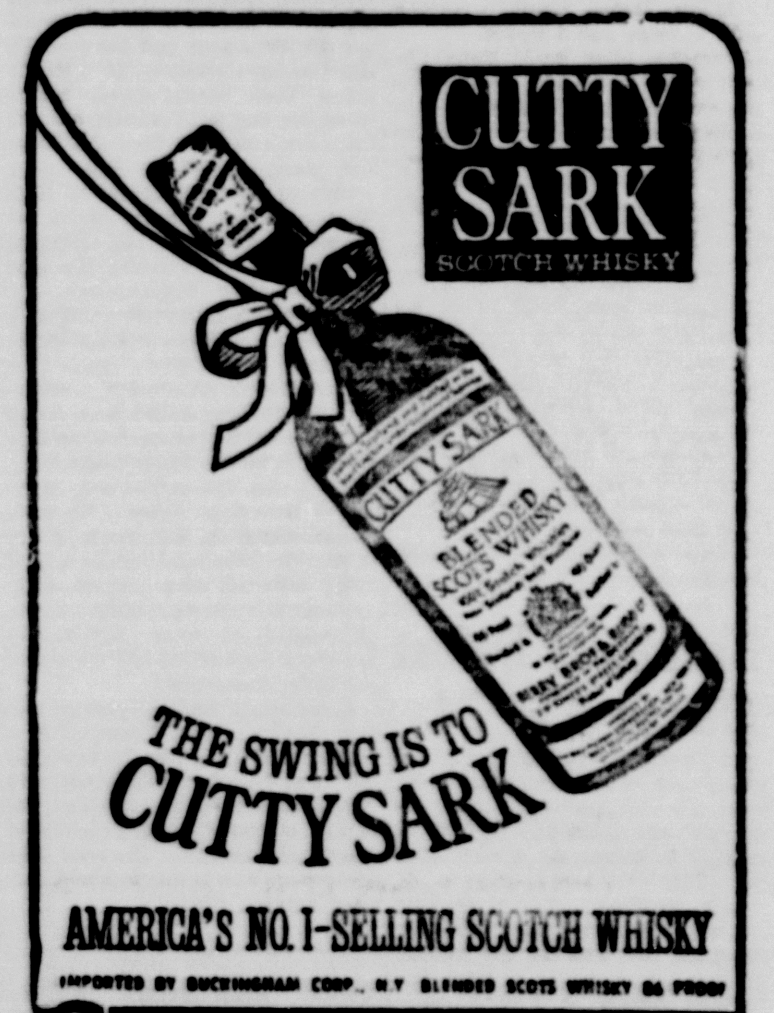

"The citizens of Thorsdale will make the attempt to secure artesian water. A boring outfit has been purchased and work begun last week."

"J. E. Tyson, F. A. (Pete) Black, R. D. Brown, Jesse Jones, John H. Bryant and Ben Henderson will leave on a hunting and fishing trip to Bay City."

"Southwestern Telephone and Telegraph Co. have put on a rate of 25 cents for a 2 minute talk with Waco, day or night. This rate has been secured by the local manager, T. L. Rose, after 3 or 4 years of correspondence with the head management of this department."

their own schools to see if all programs are necessary.

HAPPY WITH PARKS GIFT - Land Commissioner Jerry Sadler applauded the gift of 3,000 acres of lake property in Jefferson County to the State Parks and Wildlife Department. Gift was from the J. L. C. McFadden Estate. He withdrew an old request to the Attorney General to push a State claim to the acreage. Sadler predicted the waters will be developed into a "sportsman's paradise."

How to have a "built-in" gas kitchen without the cost of remodeling!

This is the new gas model that fits snugly against the wall to line up with your kitchen counters and cabinets. Gives a built-in look to any kitchen. Burners pull out at a touch. When they're hidden, a handsome hardwood cutting board is all you see. Oven and broiler are at eye level, and the broiler is absolutely smokeless (because it's gas!). Notice the controls are high — and mighty handy. Burner-with-a-Brain, Cook 'n' Keep oven, self-basting rotisserie — these and other automatic features will modernize your cooking as well as your kitchen. There are eight gas range brands in this design... and they're on sale — so now is the time to buy! See your Gas Appliance Dealer or Lone Star Gas.

'64 Jet-smooth Luxury CHEVROLET

'64 Chevrolet Impala Sport Sedan

Besides looks, ride and power - what's so special about it?

(It's so reasonably priced)

Kind of leaves the high-priced cars some explaining to do, wouldn't you say? Long and luxurious—with a fresh-christened look. Richer roomy interiors with subtle new blendings of colors and fabrics. Like the ultra-soft vinyl upholstery in the new Chevrolet Impala Super Sport Series.

A choice of seven engines, no less, with output all the way up to 425 hp.* And a choice

of four smooth transmissions to go with them. And underlying it all, the opulent feel of this '64 Chevrolet's Jet-smooth ride.

Matter of fact, the most noticeable difference between this beautiful new 1964 Chevrolet and the high-priced cars is the price itself.

Let your dealer show you how much luxury that reasonable Chevrolet price now buys.

See five entirely different lines of cars at your Chevrolet Showroom—CHEVROLET, CHEVELLE, CHEVY II, CORVAIR & CORVETTE

33 STUDENTS AND INSTRUCTORS IN THE FIRST CAMERON DALE CARNEGIE CLASS

Over 30 Complete DC Course Here, Receive Diplomas

More than 30 students from Cameron and three area towns received Dale Carnegie diplomas last week in the final class of the 14-week course held at National Guard Armory.

Students from Marlin, Hearne, and Rockdale took the course with about 30 from Cameron.

Pictured above are:

Front row, from left are: Franklyn Dusek, Anton Andrie, John Schigut, Dorothy Luckey, Alton Fuchs, Mrs. Alton Fuchs, Mrs. Leo Fuchs, Mrs. Monroe Fuchs, Mrs. James Luckey, Mrs. Gene Smitherman, and Mrs. Glenn Zieschang, graduate assistant.

Second row, from left, are: Eddie Pavlek, Lloyd Rider, Harold VDU, Bonnie Mammagale, Drayton McLane, Jr., William F. Arthur, Harry Lichman, Janice Bridges, Monroe Marsh, Mrs. Gene White, Monroe Fuchs, Parker Young, Instructor John Boyles and graduate assistant Dave Bryan and Glenn Zieschang.

Back row, from left, are: Charles Rasmussen, Charles Barber, J. L. Calloway, Gene Smitherman, Charles Chandler, Forrest Sapp, Jesse Kirk, Leo Fuchs, Richard Williams and Frank Luecke.

Several other students completed the course, but were unable to attend the final session.

Booster Club Needs Members

The Yoe Booster Club is seeking more members and participation in order to support the Yoe men to the fullest and promote functions to the benefit of the athletic program.

LaVert McKinney, club president, said the membership is lagging. "You don't need to be a parent to belong," he said. Any man interested in supporting the Yoe men athletic program is urged to contact McKinney.

The next regular meeting of the Booster Club will be Monday, October 14, at 7:30 p.m. at the Yoe Ag building.

McKinney urges all members to come and bring a guest.

Tunlinson Awarded \$100 By Field Ent.

Field Enterprises Education Corporation announced today that Jack W. Tunlinson of Cameron received a \$100 award for his work in the last week of their fiscal year which ended September 30 at the workshop meeting celebrating the beginning of the new fiscal year.

Tunlinson was the only salesman so honored in the Capital Region which covers about 25 counties in Texas. Field Enterprises Educational Corp. distributes educational material, their most famous products being World Book Encyclopedia and Childcraft.

Christian Mission In Southern Asia, WSCS Study Topic

The Women's Society of Christian Service had their third study on the "Christian Mission in Southern Asia" during the weekly meeting of the group Monday.

Mrs. Jesse Kirk is conducting the study. The next informative study will be held Oct. 21, according to Mrs. Bob Terry.

Mrs. Alvin Mondrik assisted during the program in which two film strips were viewed showing the different types of religions and the conditions under which the people lived. Mrs. Terry gave the devotional during the program.

Equipment Needed For Local Brownies

Many young girls in Cameron are in need of Brownie equipment, according to Mrs. Ann Coker, member of the neighborhood committee of the scouts.

Any persons having any Brownie equipment for sale or trade is asked to contact Mrs. Coker at OX-7-3538.

To Mr. and Mrs. Alfred Voltin Jr., Rosebud, a girl, Diana Marie, 7 pounds 14 ounces, born October 3 at 8:08 a.m.

Applicants Wanted To Vie For 1964 Alcoa Scholarship

A search was begun this week for a graduating senior from this Central Texas area who will qualify to win a \$2500 scholarship offered annually by the Alcoa Foundation. The winner will be a son or daughter of an employee at Aluminum Company of America's Rockdale Works.

J. E. Yates, Works Manager at the Rockdale plant, pointed out that the Alcoa Foundation has added accredited junior colleges to those colleges and universities approved for attendance by winners of the Alcoa Foundation Scholarship. Yates said the action was in recognition of the growing importance of junior colleges to our higher educational system.

Applicants who qualify will take a competitive examination at the University of Texas on December 7th. A Selection Board, chaired by Milam County Superintendent of Schools H. D. Maxwell, and made up of a group of school superintendents in the area, will make the final selection. The winner will be announced early next spring.

Seniors who qualify for the scholarship must have a high school grade average of "C plus" or better or be in the upper half of their graduating class.

Last year's winner, Glory Krnak, daughter of Mr. and Mrs.

Frank Krnak of Smithville (Bastrop County), is attending Southwest Texas State College at San Marcos.

Volunteer Firemen

Talk On Prevention

Members of the Cameron Volunteer Fire Department stressed fire prevention in an assembly program Monday morning at Yoe High School.

John Andres, representing the Fire Department, told of the actions of the department and its 40 members. He also introduced Volunteer Firemen Henry Seibman, Lawrence Jetter, Lewis Krenk and Charles Chandler.

To Mr. and Mrs. Chas. Moraw, Cameron, a girl, Charlene, 7 pounds 6 ounces, born October 7 at 12:20 a.m. in St. Edward Hospital.

National Business Women's Week Is Being Observed

National Business Women's Week is presently being observed as proclaimed by Cameron Mayor Coleman Duncum. The week of October 6 through 12 was designated for the annual observance.

The National Business Women's Week is sponsored by the National Federation of Business and Professional Women's Clubs. It urges all citizens in Cameron, all civic and fraternal groups, educational associations, news media and other community organizations to encourage and promote the celebration of the achievements of all business and professional women as they contribute daily to our economic, civic and cultural development.

As proclaimed by Mayor Duncum, the Proclamation read in part: "Whereas working women constitute 24.5 million of the Nation's working force, and are constantly striving to serve their communities, their states and their nation in civic and cultural programs, and

Whereas a major goal of business and professional women is to help create better conditions for men and women through the field of social, educational, economic and political problems; to help them be of greater service to their community; to promote 'full partnership' in all phases of daily living; to further friendship with women throughout the world, and

Whereas all of us are proud of their leadership in many fields of "THE RESPONSIBILITY OF FULL PARTNERSHIP"

EI&E

By John E. Snell

The 1963 Sears 4-H Swine Program is almost a complete success so far. The four gilts that were reared in the '63 program have farrowed a total of forty-one pigs. One gilt in the program owned by Elizabeth Nelson of the Griffin Chapel community died during the hot summer months. Elizabeth will receive another gilt for the 1964 program.

The successful 1963 4-H Swine demonstrators are: Verda Ruth Malone, Gause; William Earl Davis, Gause; Larry Raye, Davila; and Wayne Albert Franklin of Jones Prairie. The County board is owned by Mahalia C. Petty of Jones Prairie.

The winners in the County Management Contest will be selected by the livestock sub-committee in the very near future. Plans are also being made for the distribution of pigs for the 1964 program.

Herald Announces Staff Additions

Cameron Herald publisher, Frank Luecke, has announced two additions to The Herald staff this week.

Mrs. Forrest Sapp, Cameron has been appointed staff writer and Mrs. Milton Curtis of Rockdale will be in charge of classified advertising and teletypewriter.

Mrs. Sapp has been local correspondent for The Dallas Morning News for 8 years and The Houston Post for the past 4 years and Mrs. Curtis was employed in the County Assessors office before joining the Herald Staff.

Rogers PTA Meeting Set For October 14

The second monthly meeting of the Rogers Parent-Teacher Association will be held in the new cafeteria Monday night, October 14 at 7:30 p.m. with Mrs. D. D. Ward, president, in charge.

The program will be presented by the high school homecoming department girls with the theme: "Family - A Firm Foundation." Those on the program are the girls currently working on their FFA State Degrees: Norma Palmer, Gladys Schiller, Norma Kovar, and Jeanette Koser. The P. H. A. sponsor is Mrs. Thelma Wood.

Freshman girls will model their aprons which they have recently made and in addition, will also conduct a tour of the new cafeteria. The new freshmen instructor is Mrs. Anne F. Gaudier.

The PTA Executive Committee will meet Thursday, October 10 at 2:30 p.m. also in the cafeteria.

CARD OF THANKS

I wish to express my sincere appreciation for all the kind messages of condolence, food and flowers at the death of my mother, Mrs. Lela Reynolds. I especially wish to thank Margaret Reveille, Sora White, and all those who offered their help during her illness. Your kindness will always be remembered.
Charlie Reynolds

CARD OF THANKS

We would like to express our sincere appreciation to all who were so kind to us at the passing of our mother. Our many thanks to the Sisters and nurses and Dr. Smith at St. Edwards hospital and to all who sent flowers and food. May God bless each and every one of you.
The Family of
Mrs. Minnie Ingram

Sell Your Farm

WHY DON'T YOU . . . CONSIDER SELLING? . . . "It has been estimated that with current margin, an AVERAGE farmer must sell \$10,000 worth of products to NET an annual MONEY income of \$2,500."

Well . . . you might sell now, and reap a handsome PROFIT from your land.

Ed A. Bigbee

Take Your Problems To Church This Week

MR. CURIOSITY'S PROBLEM

Mr. Curiosity is wondering what that little thing is moving around in the grass. He would like to play with — or eat it, yet he wonders if he dares. On another occasion when he attempted eating something that looked the same as this, it stung him on the nose and when he attempted to play with it he was bitten on the paw. This is about as far as Mr. Curiosity's interest carries him — something to eat or something with which to play.

His man - master is a more complex being, equipped with a brain and a spirit so his curiosity can serve as a stimulus to enable him to think of things more important than just something to eat, something to wear and play — having a good time. If he is one who seriously uses these faculties he begins to wonder what life is all about and what he should do about it. This is where the Church can be a great aid. It will help him develop and plan a program for both his spiritual as well as his materialistic life. Attendance at church will serve him as a place of learning, a refuge and a place for restoring mind, body and spirit.

This Church Feature — Presented To You Under The Auspices Of The Cameron Ministerial Association — Is Made Possible Through The Courtesy Of The Following Cameron Concerns and Individuals.

OES Members Meet With Grand Order

In Dallas Recently
All past matrons of the OES Chapter 553 of the OES attended the Grand Chapter session in Dallas last week.

Mrs. Johnnie Lee Richards, a past district deputy, served as assistant Grand Warden during the meeting.
Those attending from Cameron were Mrs. Lillian M. Lester, Worthy Matron; Mrs. Arthur Bowling, Jr., past matron; Mrs. Grady Allen Sr., Mrs. Virginia Sanders, Mrs. Mabel Dodson, Mrs. Katherine Chandler and Mrs. Richards.

Natl. Honor Society

Installs Officers.
New officers and members were installed into the Yoe High School National Honor Society during a Student-Parent Banquet held at the Ada Henderson school last week.
Jack Hughes, principal of Yoe High, acted as master of ceremonies. Miss Margaret Smith conducted the installation services.
Jack Hughes, principal of Yoe High, acted as master of ceremonies. Miss Margaret Smith conducted the installation services.
New president for the 1963-64 year is Marlin Lester. Other officers installed were Mike Perrin, vice-president; Jane Monroe, secretary; Jolene Wied, treasurer; Larry Manley, reporter and John Zelesko, parliamentarian.
Eighteen new members joined the group bringing the total membership to 29.

Mrs. Reese Dies,

Funeral In Arkansas

Funeral services were held in Conway, Arkansas, for Miss Rebecca Ann Reese, 28, granddaughter of Mrs. Annie Reese of Cameron.

Miss Reese died September 27 in a Conway Hospital after a few weeks illness. A native of Corpus Christi, she received her B.S. Degree from Texas Women's University at Denton and her M.S. Degree from the University of Chicago. At the time of her death she was employed in El Paso.

Survivors include her parents and 1 brother, Willard Jr.
Attending the funeral from Cameron were her grandmother, Mrs. Reese, Mr. and Mrs. Wayland Hughes and Mr. and Mrs. B. F. White.

LUCKO'S HAVE GIRL

Mr. and Mrs. Wilbert W. Lucko of Texas City announce the arrival of a baby girl, Lisa Ann, 7 lbs 12 oz. She was born on September 29. Grandparents are Mrs. L. A. Lucko and Mrs. Ray Thed Smith of Cameron.

CHEMICALS NOT NEW

Chemicals have been used against agricultural pests since earliest times, says the Manufacturing Chemists' Association Inc. Homer described the use of sulfur to destroy crop pests more than 3,000 years ago. Paris green and Bordeaux mixture were used in the mid 1800's to control pests.
